
Connect Your Students to the Benefits of the PSAT 10

Set Your Students Up for Success

The PSAT™ 10 is an assessment given to 10th-grade students in the spring. The PSAT/NMSQT® and PSAT 10 are the same test, offered at different times of year. Both of these tests are part of the SAT® Suite of Assessments, designed to help prepare students for college and careers. When used together, the assessments in the SAT Suite allow you to monitor growth over time.

Administering the PSAT 10 to 10th graders gives schools and students unparalleled benefits.

Connections to Scholarships

Over \$255 million in scholarships are available for qualified students with financial need who take the PSAT 10. The awards—ranging from \$2,000 to full tuition scholarships—are made possible through College Board's partnerships with leading scholarship providers. When students take the PSAT 10 and say "yes" to Student Search Service®, College Board connects them with our scholarship organizations, which could mean money for college!

Free SAT Practice on Khan Academy

Official SAT Practice on Khan Academy® is FREE for all students and the best way to prepare for the SAT. Created by Khan Academy and the makers of the SAT, Official SAT Practice gives students a practice plan built just for them. When they link their College Board and Khan Academy accounts, students get a personalized study plan based on their results on tests like the PSAT 10, PSAT/NMSQT, or SAT so they can focus on the skills they need to work on most. Students also get access to:

- Thousands of practice questions with instant feedback
- Full-length practice tests
- Video lessons that explain questions step by step
- Studying and test-taking strategies

Research shows that students who spend 20 hours on Official SAT Practice gain an average of 115 points from the PSAT/NMSQT to the SAT.

Students can access free, personalized SAT practice anytime, anywhere at satpractice.org.

You can view SAT practice recommendations and progress for entire classes and individual students, making it easier than ever to get your students ready for the SAT.

Access to AP

Students who succeed in AP[®] courses are more likely to succeed in college, and they can save money through credit-granting and placement policies. The AP Potential™ tool uses SAT, PSAT/NMSQT, PSAT 10, and PSAT™ 8/9 scores to help you identify students likely to succeed in AP. In addition, student score reports recommend AP courses that might be good matches. AP Potential also helps schools:

- Develop robust AP programs
- Recruit new AP students
- Support equity and access goals

Actionable Data

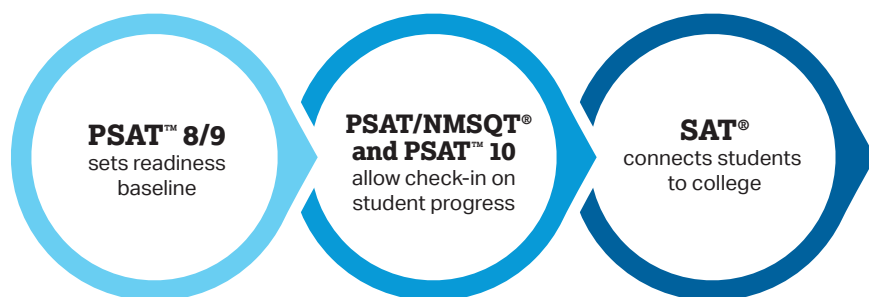

You and your students get detailed score reports in our secure, easy-to-use online score reporting portals.

- You can use the data for instructional planning to improve college and career readiness.
- Students can understand and act on their test results.

You can also see your students' results for the entire SAT Suite of Assessments (SAT, PSAT/NMSQT, PSAT 10, and PSAT 8/9), as well as the SAT Subject Tests™, all in one place.

Complete the Suite

The SAT Suite of Assessments reflects what students are already learning in their classrooms and gives you benchmarks for assessing students' progress as they enter and move through high school. The tests share a common score scale, making it easier to measure growth.
